

Hi! I'm Allison! I'm an eighth grader at Trinity Catholic School and live here in Huntington Estates.

My friend Hampton and I are working on a community project to collect hygiene products for students out at Tallahassee State College (formerly TCC), at their Talon's Market free market.

Students at TSC need things like laundry detergent, soap and deodorant, shampoo and conditioner, and feminine care products.

Can you help? Donations of hygiene products of any kind are needed for the students at TSC. We'll come by on Saturday, March 8 at 2 pm to collect your donations. You can just leave them by your mailbox or driveway, or give them to Mr. Carlos.

Located at 3556 Carrington Dr.

If you'd like to donate money, you can contribute by giving an envelope to Mr. Carlos prior to the pickup day.

Thank you for reading and consider donating to the college students in our community that are in need
